

## Ham Radio club @ VGI Gwalior

Vikrant group of institutions is well known for innovation in the field of education and research. Institution is not only looking for betterment of its students but also realize its vital role in society. Any educational organization plays an important role in making of prosperous society and strong nation. Organization is involved in so many activities for the benefit of society. Keeping in view this approach of college administration, we started Ham (**Help All Mankind**) Radio club station in college premises. We required license and an official call sign **VU2VGD** and started own club station operating from college premises. With a mission to help mankind we are looking to get more and more ham licenses. For this purpose VGI has started special classes (**from 31-1-16 to 08/2/16**) for faculties, staff members and students. With the kind coordination of **Mr.Jaynt Bhide** (senior Ham club Member) .for fulfilling this task. 55 staff members have attempted written and practical examination process (**on date 16 & 17 march 2016**) in the presence of officials from **Department of telecommunication Bhopal**.

VGI is looking for establishing its own community radio station for the up liftment of the rural mass people of Gwalior and adjoining region. VGI and Ham radio has started working together for achieving the actual goal of **HAM (Help All Mankind)**. Ham radio will help VGI to take one step ahead in the field of service of the human being and nation also.

**It will definitely fulfill the vision of VIKRANT of serving society means serving nation.**
