

# International Conference on Social Networking & Computational Intelligence (SCI-2K19)

**Date : 8-9 March 2019**

**Hosted by  
Rajiv Gandhi Proudyogiki Vishwavidyalaya, Bhopal  
Sagar Institute of Research & Technology, Bhopal**

In Association with  
CSI Bhopal Chapter  
&  
ACM Bhopal Chapter

## SPECIAL SESSION

Proposals for organizing special sessions are invited from academicians and industry experts from reputed organizations. The proposals should clearly indicate:

a. Application of Computational Intelligence in Engineering (ACIE - 2018)

b. SESSION CHAIR

Dr. Kamlesh Kumar Gupta

Associate Professor

Rustamji Institute of Technology Tekanpur, Gwalior, (M.P.) – India

kamlesh\_rjitbsf@yahoo.co.in

b. SESSION COMMITTEE MEMBERS

1. Prof. Manish Gupta  
Assistant Professor  
Vikrant Institute of Technology & Management Gwalior, (M.P.) – India  
cs\_manish@vitm.edu.in

2. Prof. Anand Singh Bisen  
Assistant Professor  
Vikrant Institute of Technology & Management Gwalior, (M.P.) – India  
anandsingh@vitm.edu.in

c. Aims and Objective : The main aim of this special session is to focus upon the application of computational intelligence techniques in various fields of engineering for solving lots of complex real world problems for which other techniques are not well suited. This session aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of Engineering. It also provides a forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the various field of Engineering. The primary interest of this special session “Application Of Computational Intelligence in Engineering” is to collect a set of research papers based on novel simulation optimization techniques that showing original, current state-of-art and recent research on emerging fields of engineering especially in computer science and engineering, information technology, production engineering and power system engineering.

d. TOPIC OF INTEREST :

Nature Inspired Algorithms & their engineering applications  
Soft Computing  
Swarm Intelligence  
Support Vector Machine  
Artificial Neural Network  
Pattern recognition & classification  
Hybrid Intelligent system  
Machine learning applications in Tribology & Maintenance  
Application in image processing  
Application in security

Papers can be mailed to at **sciconferenceindia@gmail.com**
