AWARENESS SESSION - NO TOBACCO DAY

2 JUNE 2025

On the occasion of No Tobacco Day Manish Dubey, Assistant Professor of Vikrant Institute of Nursing and Science Indore delivered a presentation highlighting the risks associated with tobacco consumption and the importance of quitting.

INDUSTRIAL VISIT - VISIT IN METALMAN AUTO PVT. LTD. PITHAMPUR

4 JUNE 2025

The Mechanical Engineering Department of Vikrant Institute of Technology and Management, conducted an Industrial Visit in "Metal Man Auto Pvt. Ltd. Pithampur. The session aimed to enhance students' understanding of Real-time Exposure to Manufacturing Processes (CNC, Laser Cutting, Gas Cutting, Surface Finishing, Paint Shop, and Designing) and understanding of Quality Control & Industry Standards.

WORKSHOP ON PHARMACOGNOSY AND PHYTOCHEMISTRY

4 JUNE 2025

The workshop, arranged by Vikrant Institute of Pharmacy and Science aimed to enhance the understanding of medicinal plants, their chemical constituents, methods of extraction, and modern analytical techniques used in phytochemistry. It provided practical exposure to students and faculty in the field of natural drug research and development.

Highlights of the Workshop were:

- Introduction to Pharmacognosy and importance in modern drug discovery.
- Overview of plant-derived bioactive compounds.
- Demonstration of extraction techniques (maceration, Soxhlet, etc.).
- Hands-on training on phytochemical screening methods.
- Lecture on chromatography techniques used in phytochemistry.
- Interaction with industry experts and academic researchers.

EXPERT LECTURE ON GENERATIVE AI

6 JUNE 2025

The expert session, titled "Leveraging the Power of Generative AI for the Future of Work: Skillsets Needed for the Transforming Workplace," was organized by the Department of EC/EX, Vikrant Institute of technology and Management, at Vikrant Group of Institutions, Indore, and featured Er. Somak Basu, CoFounder & Owner of OneQuest Technologies, as the speaker. The session began with an introduction to Generative AI, its applications, and its potential impact on the future of work. Er. Somak Basu also discussed the essential skill sets required for students to thrive in a workplace transformed by Generative AI. Among others, technical skill sets like programming and data analysis were discussed at length.

PLACEMENT DRIVE

6 JUNE 2025

The Department of Nursing, VINS Indore organized a Close Campus Recruitment Drive in association with Choithram Hospital & Research Centre, Indore. A total of 38 final-year students participated in the drive.

B.TECH 1ST YEAR POWERPOINT PRESENTATION

6 JUNE 2025

The students of B.Tech 1st year keenly participated in the departmental activity of Power point presentation that was conducted to widen their horizon related to their chosen specialisation and streams. The students presented the topics and Dr. Sandeep Yadav was invited as the Guest of the event to boost up the morale and guide the students.

EXPERT SESSION - TRANSFORMING WASTE TO WONDER

9 JUNE 2025

The workshop on "Transform Waste to Wonder" was indeed creative and informative. It explored innovative ways to transform waste materials into valuable and useful products. The Workshop was successfully conducted by Vikrant Institute of Pharmacy and Science, Indore. The Expert: Shanki Sharma Kashyap "HR Professional turned Upcycle Artist and Founder, CraftBucket was extremely good at engaging, inspiring and encouraging participants with thought-provoking points. The session made the audience think outside the box for waste management and sustainability.

WORKSHOP ON INDUSTRY RELEVANT SOFTWARE TESTING SKILLS

11 JUNE 2025

The Department of CSE & IT, in collaboration with Infobyd Software Solutions Pvt. Ltd., organized an interactive workshop titled "Industry-Relevant Software Testing Skills" for 2nd and 3rd-year students. The session aimed to bridge the gap between academic learning and industry practices in the field of software testing.

Students were introduced to real-world tools like Selenium, JIRA, and Postman, along with insights into career opportunities in QA and testing. The workshop included live demonstrations, resume-building guidance, and a fun quiz to assess practical knowledge.

The insight of the workshop was that total 90 students participated, Top 10 students received training certificates, Top 3 were offered internships in development, web development, or digital marketing, The event was a great success, encouraging hands-on learning and improving student employability through practical exposure.

SEMINAR ON ADVANCE FIRE DETECTION AND ALARM SYSTEM

12 JUNE 2025

The Department of Fire Technology and Safety Engineering recently organized a seminar on Advance Fire Detection and Alarm System featuring Mr. Subhashish Choudhary, Founder and Director of Subhashish Choudhary & Associate Indore.

The seminar on covered crucial aspects of fire protection systems, emphasizing detection, warning, and suppression. It highlighted the importance of advanced fire detection and alarm systems in protecting lives and property. By understanding these systems, participants can better design, implement, and maintain effective fire safety measures. Summary of key points discussed: Fire Detection and Alarm Systems- These systems detect fires, notify occupants, summon assistance, and initiate suppression systems.- Components include input devices (manual pull stations, detectors) and output devices (alarms, controls).- Detectors can be heat, smoke, or gas-based, each with specific functions.

MOCK DRILL SIMULATING A FIRE EMERGENCY SCENARIO

17 JUNE 2025

The Department of Fire Technology and Safety Engineering at Vikrant University Gwalior Vikrant University, in collaboration with Vikrant Group of Institutions, Indore, successfully conducted a comprehensive mock drill simulating a fire emergency scenario.

This exercise aimed to enhance emergency response capabilities and promote a culture of fire safety and awareness within academic community. The session also included an engaging talk by esteemed Guest Speaker, Mr. Rituraj Mehta, Group Safety Head at Adani Group.

Mr. Mehta shared valuable insights on industrial safety management, household safety measures, and traffic safety regulations, emphasizing the importance of proactive safety measures, risk assessment, and emergency preparedness. His interactive approach facilitated a deeper understanding of safety principles and their practical applications, enhancing our students' knowledge and skills to ensure safe and healthy environments.

INTERNATIONAL YOGA DAY CELEBRATION

21 JUNE 2025

Vikrant Group of Institutions, Indore, celebrated International Yoga Day with great enthusiasm under the Cultural Portfolio of the Institute. The event featured a mass yoga session led by SBPASS Sansthan, highlighting the benefits of yoga through various asanas and meditation. A motivational talk on the theme "One Earth One Health" inspired participants to adopt yoga in daily life. The active participation of students and staff made the event a grand success.

WORKSHOP ON READING OF CIVIL ENGINEERING DRAWING

23 JUNE 2025

The Civil Engineering Department conducted a workshop on "Reading of Civil Engineering Drawing". The session aimed to enhance students' understanding of interpreting structural and architectural drawings. It provided hands-on practice and was well-received by all the student stakeholders.

AWARENESS CAMPAIGN- SICKLE CELL ANAEMIA

23 JUNE 2025

Vikrant Institute of Nursing and Science students conducted public awareness campaign using the nukkad natak as a media to promote health education on the occasion of sickle cell anaemia day under the guidance of MSN faculty Mrs. Manisha Borade at Borkhedi village.

NATIONAL CONCLAVE ON HEALTH, SAFETY & ENVIRONMENT (NCHSE 2025)

26 JUNE 2025

The Quality Circle Forum of India (QCFI) Gwalior chapter and Indore sub chapter recently organized the National Conclave on Health, Safety & Environment (NCHSE 2025) at Renaissance University, Indore. The theme was Integrating Health, Safety & Environment Standards for Sustainable Development.

The main objective of the session was to provide a platform for organizations to share and showcase their excellence in Health, Safety & Environment, promoting a conscious culture of HSE. Expert talks and panel discussions by industry professionals case studies and presentations on best practices in HSE. Networking opportunities for professionals and students. Focus on sustainable development and holistic growth were the features of this one day conclave. The conclave aimed to bring together experts, professionals, and students to share knowledge, experiences, and best practices in Health, Safety, and Environment. By integrating these standards, the event promoted sustainable development and encouraged a culture of excellence in HSE practices.

VISIONARY VISIT :

27 JUNE
2025

Dr. Avinash Mishra's Inspiring Interaction with Vikrant Group of Institutions, Indore.

We were truly honoured to welcome Dr. Avinash Mishra, Managing Director of Vikrant University and President of the Quality Circle Forum of India (QCFI), Gwalior Chapter, to our Indore campus this June. His presence added immense value to our ongoing commitment toward academic excellence and student development.

The visit was graced by Shrimati Garima Singh Tomar, Hon'ble Treasurer, Vikrant Group of Institutions, Indore, and Dr. Sandeep Shukla, Joint Managing Director, Vikrant Group of Institutions, Indore, along with all principals of the constituent institutions:

Dr. Jitendra Singh Dodiya, Principal, Vikrant Institute of Technology and Management

Dr. Keshkali Sharma, Principal, Vikrant Institute of Nursing and Science

Dr. Maanish Chava, Principal, Vikrant Institute of Integrated and Advanced Studies

Dr. A. K. Jain, Principal, Vikrant Institute of Pharmacy and Science

During the visit, an insightful and engaging discussion took place on several pivotal areas including student-centric initiatives, academic innovation, and institutional development. A key highlight of the interaction was the emphasis on the Quality Circle Forum of India (QCFI) and its role in fostering industry-academia collaboration.

Dr. Mishra emphasized the importance of quality circles and active student participation in quality and productivity movements through QCFI. Such platforms not only enhance practical learning and problem-solving skills but also prepare students for real-world industry challenges. The leadership team discussed various models of industry collaboration that can significantly contribute to the holistic development of students—equipping them with the skills, mindset, and exposure needed to excel in their professional journeys.

The leadership team reaffirmed the shared vision: to nurture a learning ecosystem that bridges the gap between academia and industry, ensuring that our students are future-ready in every sense.

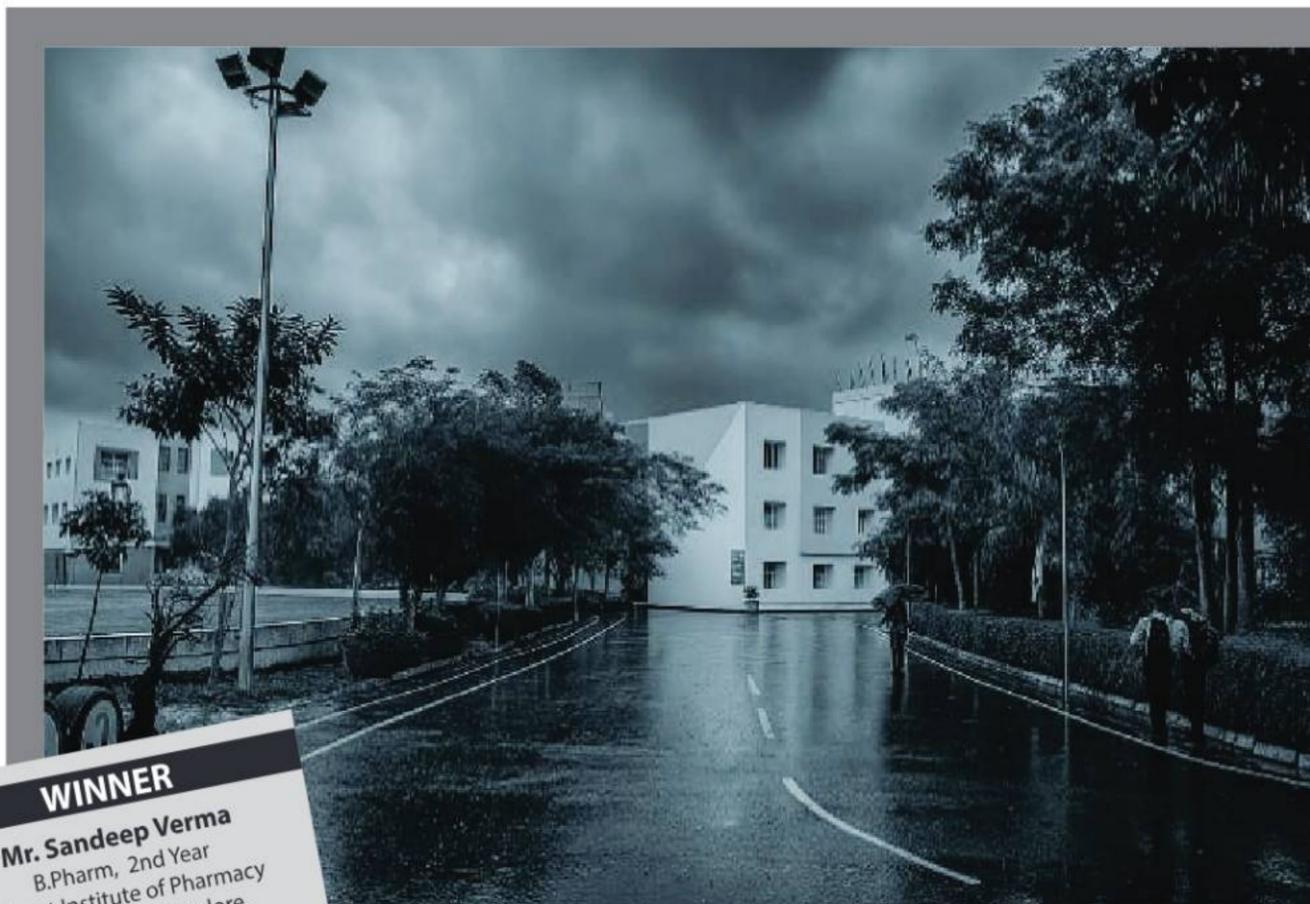

UMUGANDA – CLEANLINESS DRIVE

27 JUNE
2025

Cleanliness drives are essential for promoting public health, environmental sustainability, and community well-being. They raise awareness about the importance of hygiene and encourage responsible waste management, ultimately leading to a more pleasant and productive environment.

PHOTOGRAPHY CONTEST WINNING ENTRY FOR THE MONTH OF JUNE 2025
