GANESH CHATURTHI - Ganpati Bappa Morya!

27th August 2025

Ganesh Chaturthi A Cultural Extravaganza, The cultural club hosted a vibrant Ganesh Chaturthi celebration, honoring the birth of Lord Ganesha, the remover of obstacles and the god of wisdom, prosperity, and good fortune. The event was a testament to the rich cultural heritage and traditions associated with this auspicious festival. Ganesh Idol Installation: The festivities began with the installation of a beautifully crafted Ganesh idol, decorated with flowers, lights, and traditional attire. Students, faculties and staff members participated in daily aartis and rituals, offering prayers and seeking blessings from Lord Ganesha. Eco-Friendly Initiatives: In line with the growing emphasis on environmental sustainability. The Ganesh Chaturthi celebration organized by the cultural club was a resounding success, showcasing the richness of Indian culture and traditions.

SEMINAR ON POLLUTION & WASTE MANAGEMENT

28th AUGUST 2025

The Department of Fire Technology and Safety Engineering recently organized a seminar on Pollution and Waste management Under the sustainable Goals

Mr. Deepal Raj Jain, Manager of Climeto Sustainable Services Pvt Ltd. The seminar covered key topics such as- Microplastics and Environmental Impacts: Microplastics pose significant environmental hazards, affecting ecosystems, water systems, and human health worldwide. Experts emphasize the need for integrated actions across the plastic lifecycle to mitigate these impacts. Fast Fashion and Hidden Consequences: Fast fashion's environmental and social consequences are substantial, contributing to pollution, waste, and exploitation. Sustainable fashion practices and awareness about the lifecycle of clothing can help reduce these impacts. E-Waste Management Challenges: E-waste is a growing concern due to rapid technological advancements, posing environmental and health risks. Implementing extended producer responsibility and promoting recycling practices can help address these challenges. 3R Principle (Reduce, Reuse, Recycle): The 3R principle is crucial for effective waste management. By reducing consumption, reusing products, and recycling materials, individuals and communities can significantly minimize waste and promote sustainability. The seminar highlighted the importance of addressing pollution and waste management challenges to achieve sustainable development goals. By adopting sustainable practices, promoting innovation, and engaging communities, we can work towards a more environmentally conscious and responsible future.

NATIONAL SPORTS DAY

29th – 31st August 2025

Honoring Major Dhyan Chand's Legacy

National Sports Day is celebrated annually on August 29 to commemorate the birth anniversary of Major Dhyan Chand, a legendary Indian hockey player known as the "Wizard of Hockey" or "The Magician". This day is a tribute to his extraordinary achievements and contributions to Indian sports, particularly hockey. This year's observance is dedicated to the Olympic Spirit, celebrating the core values of Excellence, Friendship, and Respect. In this regard, the Fit India Mission under the Ministry proposes a nationwide initiative involving active participation from all sectors, including educational institutions.. So in accordance to this under the Coordination of Mr. Dharmendra Kurmi and Mr. Ravi Lodhi the VGI , Indore students took active participation in National Sports Day by, Taking Oath in the inaugural Ceremony, games and activities like Chess, Rope Skipping, Pitthu, Tug of war, 50 m Relay race, Kho-Kho, Push ups.

UMUGANDA - MONTHLY CLEANNESS DRIVE

Promoting a Greener and Healthier Campus

The recent college cleanliness drive was a resounding success, showcasing the power of collective effort and community spirit. Students, faculty, and staff came together to clean and beautify the campus, promoting a sense of ownership and responsibility, with the motive of Maintaining a Clean Environment: The primary objective was to maintain a clean and hygienic environment, essential for the health and well-being of students and staff. A clean campus reduces the risk of diseases and promotes a healthy environment for students and staff. Along with it A well-maintained campus creates a positive impression and enhances the overall aesthetic appeal of the institution. The drive promoted sustainable practices, contributing to a greener and more environmentally friendly campus, not only that the college cleanliness drive was a huge success, demonstrating the power of collective effort and community spirit. By working together, students, faculty, and staff can create a cleaner, greener, and healthier campus, promoting a positive and sustainable environment for everyone.
