

# VIKRANT GROUP OF INSTITUTIONS, INDORE NEWSLETTER

EDITION 9 | NOVEMBER 2025 EDITION

## A CHILD WITHOUT EDUCATION IS LIKE A BIRD WITHOUT WINGS....

### A Month of Milestones: Welcome to NOVEMBER .

November holds a profoundly special place in the Vikrant Group of Institutions, highlighting the impressive academic and technical strides made by the students and faculties alongside the excitement of the VIKRANT PREMIER LEAGUE, the major academic, technical, co-curricular, and sporting achievements and activities conducted across the Vikrant Group of Institutions (VGI) during the month of November 2025. The month was characterized by significant faculty distinctions, a national-level innovation milestone, and high-energy community engagement. As new month dawns, a brand-new start, With freshened goals, a hopeful heart. The chasing of dreams with open eyes, And thank the skies as they rise. The VGI community secured national acclaim, reinforcing the institution's commitment to cutting-edge research and continuous professional development. November 2025 has been a high-impact month for VGI, characterized by professional ascent in AI and Pharmacy,

national visibility in the Smart India Hackathon, and a thriving co-curricular calendar centered around the VPL. These achievements underscore VGI's holistic educational model, preparing students for success in both competitive professional environments and community leadership roles.

- N - NEW BEGINNINGS with simultaneous growth
- O - OPPORTUNITIES in hosting Annual HR Meet
- V - VICTORY for VIAS students standing firm with the selection for paid Internship
- E - EXPLORATION of Students to IIT, INDORE
- M - MINDFULNESS for Success and Growth
- B - BREAKTHROUGHS of Procrastination
- E - EXCITING NEWS of Dr. Gaurav Jain's being Awardee Ambassador
- R - REWARD for the Students and faculty achievements in NPTEL

**SESSION ON FIRE PREVENTION AND PROTECTION MEASURES**

The Department of Fire Technology and Safety Engineering recently organized an expert session on Fire prevention and protection measures Mr. Shubham Jain, Manager Fire and safety at Gujarat Valley Fertilizer & chemicals Limited (GNFC) on the topic "Fire Protection and Prevention System." The session focused on the importance of implementing effective fire safety measures in industrial environments. Mr. Jain explained the concepts of fire prevention, which involve identifying potential ignition sources and maintaining safe working conditions. He also discussed fire protection systems such as hydrants, sprinklers, foam systems, and fire alarms, highlighting their role in minimizing fire damage. He shared practical insights from his experience at GNFC, emphasizing regular maintenance, fire drills, and employee training as essential parts of an organization's fire safety strategy. The session concluded with the message that prevention is always better than protection, and a strong safety culture is vital for industrial safety.

**AI IN CAREER SERVICES - TRANSFORMING THE WAY CAREERS ARE BUILT**

Skill & Innovation Club, under the Technical Portfolio, Vikrant Group of Institutions (VITM), hosted an Expert Session on "AI in Career Services – Transforming the Way Careers are Built". The Speaker: Dr. Sudipta Kumar Nanda (Asst. Professor – Finance & Accounting, Area Chair & Mentorship Chair) shared insights on AI's impact on career services, transforming

career building, and industry expectations. Students actively participated in the session, asking questions and sharing perspectives. Diploma, B.Tech, Pharmacy and Management Students participated JQL Competition: Participants showcased their knowledge, with exciting prizes for Top 3 winners and certificates for all participants.

**Winners**

- 1st Prize: Ujjawal Choudhary B.Tech - FTSE-2nd Year
- 2nd Prize: Ayush Panwar B.Tech - CS-2nd Year
- 3rd Prize: Shiva Prajapati, B.Tech - sCS-3rd Year

The event concluded successfully, with students appreciating the opportunity to learn from an industry expert and engage in competitive learning. Outcomes Students gained understanding of AI's role in career services and its future implications. Participants developed skills in applying AI concepts to real-world career scenarios.

**VGI STUDENTS SHINE BRIGHT AT THE INFANTRY MARATHON 'RUNVEER'**

A wave of enthusiasm and patriotic spirit swept through the Garrison Ground in Mhow as students from Vikrant Group of Institutions participated in the annual Infantry Marathon, 'RUNVEER'. Held to commemorate Infantry Day (October 27th), the event successfully achieved its dual objective: promoting fitness awareness and strengthening the bond between civilians and the Armed Forces. The participation of VGI students was not just a display of their commitment to physical fitness, but also a heartfelt tribute to the Indian Infantry. Their presence highlighted the youth's appreciation for the sacrifices made by the soldiers, ...Running alongside the soldiers gave us a profound sense of pride and discipline. The Infantry Marathon is a unique platform that connects us directly with the spirit of the Army."

The participation of VGI students was not just a display of their commitment to physical fitness, but also a heartfelt tribute to the Indian Infantry. Their presence highlighted the youth's appreciation for the sacrifices made by the soldiers, ...Running alongside the soldiers gave us a profound sense of pride and discipline. The Infantry Marathon is a unique platform that connects us directly with the spirit of the Army."

**SESSION ON DATA SCIENCE USING PYTHON.**

The Department of Computer Science & Engineering organized a one-day Expert Session on "Data Science Using Python" with the primary objective of bridging the gap between academic learning and industry application in the high-demand field of Data Science. The session aimed to:

1. Provide students with practical, industry-relevant insights into the Data Science lifecycle.
2. Familiarize participants with essential Python libraries and tools used in data analysis.
3. Inspire students to pursue career paths in data analytics, machine learning, and AI.

The resource person for the session was Er. Ankita Yadav, a Senior Python Developer at Empower Solutions Pvt. Ltd., Indore. With

extensive experience in developing large-scale data processing application... The Expert Session on Data Science Using Python successfully met its objectives by delivering high-quality, practical knowledge to the participants. The session reinforced the Department's commitment to equipping students with cutting-edge skills and fostering strong connections with industry experts. The Department of Computer Science & Engineering plans to follow up this session with dedicated workshops focusing on advanced machine learning algorithms.

**AN INDUSTRIAL VISIT AT \*SWARA HYGIENE PRIVATE LIMITED PITHAMPUR INDORE (M.P)**

Department of Fire Technology & Safety Engineering, VITM, Indore organized an Industrial Visit at Swara Hygiene Private limited Pithampur Indore (M.P) . A total of 27 Students visited the Plant and the visit was well Coordinated by Prof. Shekhar Choudhary and Dr. Sandeep Yadav. Swara Hygiene Private Limited. It is often associated with the parent business, Swara Baby Products Pvt. Ltd. The company is involved in the manufacture of soap, detergents, and various hygiene and personal care products, including cosmetics and toiletries. The broader Swara Baby Products entity manufactures baby diapers, adult diapers, and sanitary hygiene products. The manufacturing facilities operate under robust Quality Management Systems, During the visit, the students observed and learned about the company's safety plan, emergency evacuation procedures, and firefighting installations, including the fire pump house. The visit provided valuable practical exposure to industrial safety systems and enhanced

the students' understanding of real-world fire safety management practices. The department extends special thanks to Ms. Yogita Pandey (Sr. HR Manager), Mr. Manvendra Singh (EHS Head), Mr. Vijay Pal Tiwari (Plant Head) and Administration department and their Team Members for giving Valuable knowledge to share With Our Students and helped us to understand the industrial process throughout the visit.

**VINS WORLD PNEUMONIA DAY**

In observance of World Pneumonia Day, the Vikrant Group of Institutions (VGI) hosted a highly engaging and educational expert session on November 12, 2025. The initiative aimed to raise awareness about the risks, prevention, and treatment of pneumonia, a leading infectious killer worldwide. Expert Insights from Dr. Ram Ashish Shukla. The highlight of the event was a captivating session delivered by the esteemed expert, Dr. Ram Ashish Shukla. delivered an insightful address that demystified the disease for the faculty, staff, and students in attendance. The session successfully translated complex medical information into actionable public health knowledge. Dr. Shukla's delivery was praised for its clarity and his ability to address common misconceptions about respiratory illnesses. The World Pneumonia Day celebration at VGI served as a powerful reminder of the simple yet essential steps everyone can take to protect their respiratory health and contribute to the fight against this preventable disease.

Engineering remains committed to providing such industry exposure to ensure its students graduate as job-ready, competent, and insightful civil engineering professionals. Mr. Mukesh Kale, Sr. Engineer, MPRDC, Indore: For his detailed insights into the project planning, quality control, and the role of government agencies in infrastructure development. Mr. Yadav endra Yadav, Deputy Manager, L.N. Malviya Infrastructure, Indore: For walking the students through the on-site execution challenges, safety protocols, and construction timelines. Their technical guidance and willingness to share the complexity of the site-working environment were crucial in helping the students solidify their academic understanding.

**CONCRETE LEARNING: FIELD EXPOSURE FOR ASPIRING ENGINEERS CIVIL ENGINEERS STUDENTS GAIN PRACTICAL EXPOSURE AT IT PARK FLYOVER**

The Department of Civil Engineering at VITM, Indore, successfully organized an illuminating educational tour to the construction site of the Flyover Bridge at IT Park, Indore (M.P.). This practical exposure visit, held on [Insert Date of Visit, e.g., November 20, 2025], was designed to bridge the gap between theoretical knowledge and real-world infrastructure execution for future engineers. A total of 19 enthusiastic students from the Civil Engineering department participated in the visit. The objective was to provide the students with a firsthand observation of large-scale civil works and the intricate processes involved in bridge construction. During the visit, students had the invaluable opportunity to observe active construction methods, including the preparation of foundations and the complex process of erecting superstructures. Students observed various techniques employed for high-volume concrete pouring, reinforcement bar (rebar) arrangement, and form work management unique to flyover projects. Bridge Components: The engineers-in-training received detailed explanations of critical bridge components. They were able to physically inspect and understand the function of: Piers: The vertical supports transferring the load from the deck to the foundation. The construction site visit to the IT Park Flyover was a resounding success, offering the students practical context that is impossible to replicate in a classroom setting. The Department of Civil

**COMPETITION.**

The Poster Competition for CHILDREN'S DAY 2025 was successfully conducted on Thursday, November 13, 2025. The event's primary objective was to encourage creativity among participants regarding pressing contemporary issues. The competition saw enthusiastic participation from VITM, VIPS & VIIAS. Students across various departments grade levels, showcased a high standard of artistic execution and thematic relevance. The event ran smoothly from concluding with the judging session and the announcement of results.

The judging panel comprised three distinguished members:

Judge 1- Dr. Priyanka Pathak .

Judge 2 - Dr. Sandeep Yadav.

Judge 3- Mr. Vijay Bisen .

**WINNERS**

I - Subhanshu & Team ( B. Pharmacy 1st year)

II- Khwaish Thakur and Team ( B.tech 1st year)

III- Saksham Kumar (B.Tech 1st year). And.

Sukrishna Mishra and Team ( B. Pharmacy 2nd year)

**WORLD DIABETES DAY**

On the occasion of World Diabetes Day, VINS conducted a Health Check-up Camp for the faculty and staff members of VGI Indore. The camp aimed to spread awareness about diabetes, encourage early detection, and promote a healthy lifestyle within the institution. During the camp, the following health parameters were monitored for all participants: Blood Pressure (B.P.), Blood Sugar Levels (Random/Fasting as applicable), Body Weight. The health screening was carried out by qualified

medical professionals, ensuring accurate assessment and providing personalized guidance to individuals based on their results. Participants were also advised on diet, physical activity, and preventive measures for diabetes and related lifestyle disorders. The camp witnessed active participation from the faculty and staff, reflecting the institute's commitment to health and well-being. Overall, the initiative served as a meaningful step towards promoting awareness about diabetes and encouraging regular health monitoring. VINS plans to continue organizing such health-oriented activities in the future.

**DATE- 15-11-2025**

**H. R MEET**

The annual HR Meet 2025, organized by the Vikrant Group of Institutions (VGI), Indore, was successfully held on Saturday, November 15, 2025. The event attracted a large delegation of corporate leaders, HR professionals, faculty, and students. Focusing on the critical theme of "How Companies Attract & Retain Top Talents," the meet served as a pivotal platform for knowledge exchange, networking, and insightful discussions on the current challenges and future trends in Human Resource Management. The HR Meet 2025 was a resounding success, underscoring VGI's commitment to bridging the gap between theoretical knowledge and industry practices. The insights shared by the keynote speakers will contribute significantly to shaping the future curriculum and preparing the next generation of business leaders and HR professionals.

**DATE- 23-11-2025**

**BLOOD DONATION**  
**DRIVE TO MARK NCC DAY**

The Vikrant Group of Institutions (VGI) NCC cadets voluntarily participated in blood donation camp to commemorate NCC Day (National Cadet Corps Day). The drive drew enthusiastic participation from students, reinforcing the institution's commitment to social responsibility and the ideals of the NCC. The successful culmination of the blood donation camp underscores VGI's dedication to inculcating values of service and empathy in its student body, further strengthening its role as a responsible community stakeholder. The institution extended its heartfelt gratitude to the medical teams, the volunteers, and all the donors for making the NCC Day event a resounding success.

**ACADEMIC HORIZON BROADENED: COMPUTER SCIENCE STUDENTS UNDERTAKE EXPOSURE TOUR TO IIT INDORE**

The Department of Computer Science & Engineering (CSE) at Vikrant Institute of Technology & Management (VITM), Vikrant Group of Institutions (VGI), successfully organized a comprehensive Academic Exposure Tour to the Indian Institute of Technology (IIT) Indore on November 26, 2025. The tour, designed to bridge the gap between theoretical knowledge and cutting-edge research, saw a delegation of CSE students, accompanied by faculty members, spend a day exploring the state-of-the-art facilities and academic environment of one of India's premier technical institutes. The primary objective of the visit was to expose students to advanced research methodologies, complex laboratory setups, and the rigorous academic culture prevalent at IIT Indore. An interactive session with research scholars, offering students a firsthand look at post-graduate study and career paths in core engineering disciplines. The students interacted closely with the IIT Indore research community, gaining valuable insights into the interdisciplinary nature of modern technology development.

**HARNESSING AI FOR HEALTH: IPGA MP STATE BRANCH HOSTS SUCCESSFUL INTERNATIONAL CONFERENCE ON DRUG DEVELOPMENT**

**DATE- 27-11-2025**

The Indian Pharmacy Graduates Association (IPGA), MP State Branch, successfully hosted its 2nd International Conference on November 27, 2025 (Thursday), at the premises of Dr. A.P.J. Abdul Kalam University, Indore, MP. The conference, titled "AI Driven Innovations in Pharma & Bio Sciences (ADIPB): A new Horizon in Sickle Cell

Anemia and other Diseases Drug Development," attracted a large delegation of researchers, academicians, industry experts, and students from national and international pharmaceutical and biotechnology domains. The event was held in collaboration with Dr. A.P.J. Abdul Kalam University and the Pinnacle Biomedical Research Institute (PBRI), Bhopal, emphasizing a unified approach to advancing health sciences. The central theme focused on the transformative impact of Artificial Intelligence (AI) in accelerating and optimizing the complex processes of drug discovery and development.

**FACULTY ACHIEVEMENTS AND PROFESSIONAL DEVELOPMENT (NPTEL)**

This indicates a strong commitment to quality education, research, and professional relevance at the institution. The faculty's success in specialized NPTEL certifications and conference awards, coupled with the students' advancement to the Grand Finale of the Smart India Hackathon, underscores the institution's focus on both academic excellence and cutting-edge technical innovation. It also reflects successful engagement in high-impact national certification programs (NPTEL) and international conference recognition, solidifying the institution's reputation for academic rigor and subject matter expertise in critical modern disciplines particularly in the fields of Artificial Intelligence, Pharmacy, and Bioscience. The faculty achievements detailed below reflect successful engagements of faculties – Dr. Jeetendra .Singh. odiya, Dr. Sanmati Jain , Mr. Sunil Patidar , Mrs. mita Choudhary, Ms. Sania Sheikh & Mrs. Ashwini hople.

**Congratulations**  
 TO OUR ESTEEMED FACULTY MEMBERS ON THE SUCCESSFULLY COMPLETION OF NPTEL CERTIFICATION (SESSION : JUL - OCT 2025)

- Dr. Jitendra Singh Dodiya**, Professor, Vikrant Institute of Technology & Management, Indore. Specializations: Artificial Intelligence, Cloud and Network (SDN), Software Engineering.
- Dr. Sanmati Kumar Jain**, HOD, Department of CSE-IT, Vikrant Institute of Technology & Management, Indore. Specializations: Artificial Intelligence, Cloud and Network (SDN), Software Engineering.
- Mr. Sunil Patidar**, Assistant Professor, Vikrant Institute of Pharmacy & Sciences, Indore. Specializations: Pharmaceutical Design, Toxicology.
- Ms. Arvita Choudhary**, Assistant Professor, Vikrant Institute of Pharmacy & Sciences, Indore. Specializations: Current Regulatory Requirements for Combining Clinical Trials in India for Investigational New Drugs (New Drug Division I/II).
- Ms. Sania Koser**, Assistant Professor, Department of CSE-IT, Vikrant Institute of Technology & Management, Indore. Specializations: Artificial Intelligence, Cloud and Network (SDN), Software Engineering.
- Ms. Ashwini Shogle**, Assistant Professor, Vikrant Institute of Pharmacy & Sciences, Indore. Specializations: Pharmaceutical Design, Toxicology.

**STUDENT TECHNICAL ACHIEVEMENTS (SMART INDIA HACKATHON 2025) TEAM AMRIT SPARSH**

The students from the Department of Computer Science and Engineering have demonstrated high-level technical skill and innovation by reaching a national-level milestone. Selection for the SIH Grand Finale 2025 in the #SmartIndiaHackathon, the "World's Biggest Open Innovation Model. "Challenge Domain: Software Addition". VIKRANT INSTITUTE OF TECHNOLOGY AND MANANGEMENT feels proud on the team AJAY KUMAR SHARMA, HARSH SAHU, ANURAG CHOUHAN, KRISHNA DHINGRA, RADHIKA WARUDE, UJALA THAKUR.

**\*POEM ON PHYSICS – BY ASST. PROFESSOR SONAM SHARMA**  
 DEPARTMENT – B.TECH 1ST YEAR . (POEM)

 DEPARTMENT – B.TECH 1ST YEAR.

**PHARMACEUTICAL AMBASSADOR AWARD RECOGNITION IN PHARMACY AND BIOSCIENCES: THE IPGA PHARMA AMBASSADOR AWARD**

Dr. Gourav Jain has been honored with a prestigious award, highlighting the institution's contribution to advanced research in biosciences. Award Received: IPGA Pharm Ambassador Award, presented in recognition of an outstanding contribution in the field of Pharmacy. Awarding Authority: Indian Pharmacy Graduates Association (IPGA), MP. State Branch.

The award was presented during the International Conference of IPGA, which focused on "AI Driven Innovations in Pharma & Biosciences: A New Horizon in Sickle Cell Anemia and Other Diseases Drug Development (ADIPB)". International Conference of IPGA, titled "AI Driven Innovations in Pharma & Biosciences: A New Horizon in Sickle Cell Anemia and Other Diseases Drug Development (ADIPB)".

**Physics vs Chemistry**

I breathe for physics,  
 But my heart beats for Chemistry!

Physics proposed me,  
 But I proposed to chemistry!

Physics fell for me,  
 But I fell for chemistry!

The one who knows me is Physics,  
 But chemistry understands me better!

My life is not constant says physics,  
 But I can achieve stability says chemistry!

Physics have Vander Waal force,  
 But chemistry is bonded covalently!

Derivations scares me,  
 But reactions motivates me!

I see physics in my dreams,  
 But chemistry is my true reality!

If physics is my friend,  
 Then chemistry is my best friend!

By Saviya Khan (Student - B.Tech - 1year)

*A little progress each day adds up to big results.”- anonymous*

**PIC OF THE MONTH**

**Note-** Students are requested to share the answers of the Puzzle and Sudoku along with their details and photo to be announced as Winners in the December Month edition on the [litclub@vitmindore.com](mailto:litclub@vitmindore.com).

**Mail id : [litclub@vitmindore.com](mailto:litclub@vitmindore.com). The last date for submission of answers will be 25/12/2025.**
