

International Conference on Electrical, Electronics & Optimizations Techniques

3rd – 5th March, 2016 | Tamil Nadu, India.

Session Title - Novel simulation techniques for problem solving in engineering (NSTPSE)

Theme and aim of the special section:

This special session aim is to explore and enhance more recent trends in computer science and engineering field.

Topics:

- Optimization Techniques in Soft Computing
- Image Processing
- Wireless Network
- Data Mining
- Signal Processing
- Vibration Signature Analysis
- Manufacturing Technology
- VLSI
- Antenna
- Power System
