JANUARY-New Dawn of Excellence: Welcoming 2026

The sun rose on 2026, Vikrant Group of Institutions (VGI), Indore, welcomes a new year and new era of intellectual and cultural ethos. This January has been a testament to our commitment to holistic education. We began with the high-caliber National Conference of FTSE, bridging the gap between global technology trends and academic research.

Our campus echoed with patriotic fervor during our Republic Day celebrations, followed by the technical rigor of the National Civil Workshop, where industry meets the classroom. Amidst these milestones, we paused to celebrate the sweetness of Makar Sankranti, reminding us that at VGI, tradition and technology fly together. This edition captures the spirit of a campus that is moving forward, fueled by knowledge and grounded in heritage
